Re:Group Fall 2019 - Breakout

WHAT DOES BIBLICAL CARE LOOK LIKE?

- There are 59 commands to care for one-another in the new testament (Heb 10:24, John 13:34-35, Gal 6:2)
- Your goal is to make sure everyone in your group is cared for, not to do it all by yourself.

SHARING CARING INSIDE GROUP

- Relationships pre-empt care.
- 2 Types of Care:
 - Reactive Care
 - Proactive Care

SHARING CARING BEYOND GROUP

- 3 Levels of Care:
 - Level 1: Care from Group Members and Leaders
 - Level 2: Care from Groups Coach
 - Level 3: Care from Counseling Team
